

The image shows a close-up, low-angle view of a building's facade. The facade is composed of large, light-colored rectangular panels. A large, three-dimensional red logo spelling "ANGELO PO" is mounted on the building, extending diagonally across the frame. The sky is visible in the background, and the overall lighting is bright, suggesting a sunny day.

# Leading the market: where tradition meets innovation

Angelo Po, a firm with over 90 years of history behind it, is market leader in the design and production of complete systems for the catering industry worldwide. From horizontal and vertical cooking lines to food storage systems, the company delivers solutions of superior quality that anticipate the most innovative trends to help chefs achieve outstanding performances.

Angelo Po belongs to Marmon Food, Beverage & Water Technologies, a company of the US holding Berkshire

Hathaway Inc, and it operates on a worldwide scale through offices abroad and a widespread sales network.

Environmental protection and quality control are constant and key objectives for Angelo Po.

The company ensures its products meet requirements for safety, conformity, value, durability and performance throughout the world.
